Thus began the weeks-long separation due to a diabolical brother taking the book for ransom, and then hijacking it across the country with my sister in her move to the east coast. There are lots of gems here and many of the aphorisms that begin each chapter attributed to Pudd'nhead Wilson's New Calendar are masterpieces but, at the end of the day, I have to confess that Twain's brand of humor tends to grow tiresome for me -- especially in a book this long. ListswithThisBook.I can hardly imagine anything better than traveling the globe with Mark Twain. My opinion of him shot skyward after reading this book.
